

9:45 Meetup at the Mosaic Tile Museum.

10:00 Sugiura Ceramics

Here we will study the tiles production process from molding to firing.

The participants will add patterns to the tiles before firing.

(The tiles will be glazed and fired afterwards, and posted to the participants a few days after the event) .

12:00 Return to the museum for lunch (participants eat individually) .

13:00 We walk from the museum to Maruman Shokai company.

Here we will study how fired tiles are assembled in sheets (30 X 30cm) .

We will try applying tiles to a board using a paper or a net, and assemble them into a sheet.

14:00 Return to the museum for a guided tour of the 4th and 3rd floors.

14:30 End of the tour

The maximum number of participants is ten people, so we recommend that you apply early.
